

Cory Grosser Presents His First Collaboration With Bentley Motors at Art Basel Miami Beach.

Los Angeles, CA – December, 10th 2007. Cory Grosser is pleased to announce the completion of a unique collaboration with Bentley Motors - the world's leading manufacturer of handcrafted, personally commissioned luxury automobiles. The conceptual project entitled **Beyond Luxury**, was presented at an exclusive event in Miami during Art Basel Miami Beach.

Beyond Luxury is a visionary collection of limited edition furniture and concept home designed by Cory Grosser to explore a new living experience derived from the luxury of owning a Bentley. The conceptual collection was inspired by the form language and bespoke attributes of Bentley automobiles like the Continental GT and Arnage. It was designed for those who aspire to go beyond the car to a curated lifestyle that mirrors the values of the Bentley marque. Cory Grosser says, "When one visits the factory in Crewe, it's immediately clear that Bentley's are tailor made, highly individualized automobiles crafted in limited numbers to suit each owner. This collection is our representation of these virtues translated into physical objects and space." The Beyond Luxury collection is not currently for sale. Please contact Cory Grosser for details.

Cory Grosser is the head of Cory Grosser Design and Strategy, a company that focuses on leveraging design to create emotional connections.
